 - Steve Iverson distributed copies of a ballot and letter sent to all members pertaining to the **Board Election**. No existing board members received the mailing; Steve explained that Regina Frey had initially compiled mailing list, which contained members only; no Board members were included. Jim Day asked why the ballot was already mailed prior to being reviewed by Board. Steve responded by saying as there were no specific rules stated in the current SRRSS by-laws, he believed the Board was to be elected at this meeting, followed by the Officer's election occurring at the October 17 meeting. Several Board members present agreed with this is approach. Jim Day and Leon Duminiak proposed that Candidate Biographies should have been mailed in conjunction with ballot and letter. Steve & Annette Iverson agreed with this and will create a follow-up mailing containing Candidate Biographies. Annette will follow up with all attendees interested in running for a Board position in order to obtain their biography for proper mailing.
 - Steve will distribute ballots for **Board Election** at the October 17 monthly meeting; Jim Rose agreed with this procedure. It was also agreed that the **Board Election** ballot will not include a "Write-In" column.
 - Jim Day was not in favor of ballots being accepted via email. Jim Rose added that the Board for the Railroad Museum of Pennsylvania also operated in this fashion. Votes will be accepted by those in attendance at the October 17 monthly meeting or via a mail-in vote. Jon Frey noted that the current SRRSS by-laws do not address voting options in any fashion; Leon agreed with this as well.

 - *President: Jon Frey*

Many visitors disappointed over lack of train layout on display (a layout was advertised in Tamanend Park Day promotional materials). It was agreed that a layout will be present next year, as well as a short promotional railroad video to be played for potential

visitors. Overall, this event was deemed a success.

OPEN DISCUSSION

- **UST Board of Supervisors Meeting – Tuesday, September 17, 2013**
 - Jim Day reports that he made a short presentation. Notably, Jim told the BOS that he is “cautiously optimistic” about the SRRSS obtaining grants to complete the restoration. The UST BOS was receptive to the presentation and requested that a SRRSS attempt to be present at future UST BOS meetings, as they like receiving updates as to our progress. It was also noted that the SRRSS Project Budget Page was slightly inaccurate; this will be corrected for the future. Jim was also approached by a local carpenter who resides in the Belmont Station housing development who would like to assist the SRRSS in their efforts.
 - The result of the UST BOS meeting led the SRRSS BOD to the realization that there may be a misconception that UST money is being used towards the station restoration and its associated expenses. A list of bullet points will be compiled that state the SRRSS receives absolutely no monetary assistance and no tax monies. All site clean-up and electricity for nightly station platform lighting is paid for by SRRSS. In addition, UST does not pay SEPTA to lease the station (a payment of \$1 was initially assessed at the signing of the lease).
